

## A busy social calendar at Bromley Park Care Home

We love having a varied calendar of activities for our residents to enjoy at Bromley Park Care Home and we've been busy over the last few weeks.

### Jess comes to visit

We welcomed Jess the Labrador to our **Home** for some **Pat Dog** Therapy time. Jess is such a calm and well behaved dog and we all thoroughly enjoy seeing her. Our residents love giving her lots of fuss and cuddles – and Jess is very happy to receive it!

### Mens Workshop

We held a brilliant '*Mens Workshop*' here at **Bromley Park**, which saw our gentlemen getting stuck in to varnishing a whole range of wooden items including bird houses, trays and toys. They loved the social time together and enjoyed relaxing as they worked. Great job!

### Anna Broadley

We've also enjoyed some wonderful entertainment from singer Anna Broadley, who is a familiar face here at **Bromley Park**. Some of

our residents and carers took to the dance floor together to enjoy the music – a really super afternoon!

### Gardening

We have been busy preparing for '**Nellsar in Bloom**' with lots of activity in our garden. The weather has been super, so we've got to work on our beds, and also potting up plants. We're also very proud of our new **sensory table** which our Recreation & Wellbeing Champions have created with the help of our residents. It looks and feels amazing!

### Congratulations to Bernadett

And a special mention of one of our team – **Bernadett**. She has worked at **Bromley Park** since 2010 and is always eager to complete training. She has just completed her Level 5 Award in Health and Social Care Management, which is a fantastic achievement. *Well done and many congratulations Bernadett!*
