

Amazing fireworks and crafts at Bromley Park Care Home

In the lead up fireworks night yesterday, 5 November, our residents at Bromley Park Care Home teamed up and made beautiful firework pictures. Using multicoloured glitter gel pens, our ladies and gents made colourful firework creations on black paper.

We are so pleased to have such creative residents who enjoy expressing themselves through arts and crafts activities – they literally light up our Home. As you can see from our lovely photos, it was smiles all round!

Monday 5 November saw the annual Bromley Park fireworks display in our garden – some of our ladies and gents braved the cool temperatures to watch in awe as rockets and fountain fireworks filled the sky with colour and crackle!
