

Appreciating the garden at Bromley Park Care Home

Our residents at Bromley Park Care Home just love being out in our wonderful garden space, enjoying the sun and having a good chat.

In the current lockdown, they really appreciate being able to be outside in the sunshine, enjoying the flowers and sound of the birds. As one of our residents put it, *"It's the simple things in life!"*

A stylish group in their sun hats too, wouldn't you agree!
