

## **Bottle painting fun at Bromley Park Care Home**

### **Bottle art**

**This week at Bromley Park Care Home we had lots of fun painting wine bottles from the inside!**

Our residents were fascinated by this concept and after watching our Recreation and Well-Being Coordinators do it, they were ready to give it a go!

The results are beautiful and we have displayed our amazing bottles with pride.

### **New dos!**

During the week we had some requests for **new hairstyles** from our residents and our lovely **Hairdresser Rob** was more than happy to oblige, creating lots of happy smiles!

### **Sensory activity**

On Wednesday 7 July our residents had the opportunity to touch and feel a box of **fruit and vegetables** as part of a sensory activity.

We had lots of items to choose from including a squash, cauliflower, spring onions and mango.

Everyone really enjoyed this and there were lots of **discussions** about different foods, with individuals explaining what they enjoyed and what their families liked. *A great conversation starter!*
