

Bromley Park Care Home resident enjoys a festive outing with family

On Wednesday 22 November we took a trip out to our local Polhill Garden Centre with our dear resident Derek accompanied by his wife and son, with our team member Ellen along to give a helping hand.

It was a very pleasant morning, taking in all the **festive decorations, lights and displays** and they enjoyed a delicious cup of **tea with biscuits in the cafe**.

It's always wonderful to be able to arrange these memorable outings and get-togethers for our beloved residents and their families.
