

Bromley Park Care Home residents arrive in Spain on their virtual Cruise

We had an eventful week at Bromley Park Care Home last week, with preparations in full swing for our arrival in Spain!

There was lots of laughter and fun as our staff and residents tried their hand at **playing the guitar**, which was an engaging activity for everyone.

Our residents loved seeing **Crystal dressed as a Spanish senorita** and she received many compliments! It definitely added to the Spanish festivities.

The **tapas and sangria** prepared by our Chef Sanoj was a real treat too! And our residents, especially Kathy M, enjoyed making pizza, especially adding the toppings! She was keen to know when we will be making the next batch!

Everyone had a wonderful day and we're looking forward to our next destination on our virtual cruise.
