

Bromley Park Care Home residents enjoy socialising and time in the garden

Our residents at Bromley Park Care Home really enjoyed watching Linda's Dance Group perform at our Home recently. Afterwards, one of our dear gentlemen enjoyed sitting in the garden talking with all the ladies.

We've been spending **more time out in the sunshine** now that the weather is a little warmer; our ladies and gents have been smelling the flowers and **socialising in the garden.**

One of our ladies requested some companion time out in our community, so we arranged a **trip to her favourite local** cafe for some delicious cake and lemon tea, where she enjoyed telling stories of her past when she used to go shopping with her friends.

Cafe treats!
