

Bromley Park Care Home residents enjoy Toby Carvery and live music

This week, we had a super visit to our local Toby Carvery restaurant with a group of our residents from Bromley Park Care Home.

We were served a delicious spread of roast dinners - our residents loved it and appreciated getting out to enjoy a wonderful family atmosphere

When we got back home one of our gentlemen residents laid straight back in his chair, smiling and rubbing his belly - clearly the sign of a successful meal!

We've also had music from our visiting performer this week, who sang a medley of old rock 'n roll and blues tunes and got all our staff up and dancing with residents. It was a brilliant atmosphere and so special to spend quality time having fun with our ladies and gents.

We look forward to the next one!
