

Bromley Park Care Home residents take a tour of London

Visiting London

We've had a busy week here at Bromley Park Care Home as you can tell by our pictures!

Some of our residents enjoyed a wonderful trip to London for a **sightseeing tour and lunch in Hyde Park.**

We enjoyed taking in the landmarks of the capital including **Big Ben, The London Eye** and the **Oval Cricket Ground.**

There was lots of fun and laughter had by all on the trip, with our Maintenance Man Colin, Nurse Christine and Harriet from our Care Team supporting our residents so they could have a grand day out!

We all had a fantastic day!

Cakes and a choir

Some of our residents loved **making cakes** recently and we were also delighted to welcome a **local choir** into our Home who we very much enjoyed singing along with.

We've also celebrated one of our resident's birthdays, so there was more excuse for cake! Yum!
