

Bromley Park Care Home residents try out new games and puzzles

On Wednesday 18 January, we came together to try out some new games and puzzles with our residents Colin, Dorothy, David and Rita here at Bromley Park Care Home.

The games were **wooden sorting and stacking toys, a wooden puzzle** and '**tactile match**'. Our residents loved them, and were motivated to practice each one – fantastic for fine motor and coordination skills.

It was great to see everyone **enjoying a good challenge**. *Well done to our resident trailblazers!*
