

Enjoying the garden at Bromley Park Care Home

We have really been enjoying the recent spell of good weather here at Bromley Park Care Home.

Our residents love our garden and have thoroughly enjoyed being outside. We are lucky to have such a super outdoor space and we love to make the most of it.

We are working hard towards '*Nellsar in Bloom*' too, which is in full swing at our **Home**, including our magical fairy garden which we are very proud of!
