

From doll therapy to tin can alley fun at Bromley Park Care Home

Our Bromley Park Care Home residents have had a busy week, with lots of lovely engaging activities.

They have been enjoying the **comfort and calm of doll therapy** and also took part in some baking. We also read recipe books and **reminisced** about food we used to eat, which was interesting.

Our **Newspaper Club** is always popular as some of our residents really love to read, and our tin can alley always brings the smiles to our lounge – *aim, ready, strike!*
