

## **Mothers Day celebrations and creative activities at Bromley Park Care Home**

**We've had another busy week here at Bromley Park Care Home, as you can see from all our lovely photos!**

### **Gardening Club**

Some of our residents took part in a Gardening Club which was wonderful to see now that the weather is trying to improve. We **sowed some seeds** ready for the summer to plant in our garden. We are all looking forward to spending time outside in the spring and summertime.

### **Birthday wishes**

We also had a birthday celebration for one of our gents. Our Chef made him a **delicious birthday cake** and his family said how much they enjoyed it.

## Creative clubs

During the week, a group of our ladies took part in a **Knit and Natter** and **baking group**, when they were able to show off their creative skills and enjoy a good time socialising with each other.

## Mother's Day

On Mothering Sunday our mums enjoyed **visits from their children and received lovely gifts – from flower to chocolates**. We also did some **flower arranging** in the morning, so our Home looked like a florist with all the pretty blooms!

In the afternoon we continued our Mother's Day celebrations with live music from **talented performer Anna** and delicious **party food** to enjoy. *Everyone had a fantastic time celebrating the special day.*

## Choir performance

Continuing the musical theme, on Monday 11 March we welcomed our **lovely local choir** in to sing for our ladies and gents. It's always so beautiful to hear their voices fill our Home and we all enjoyed listening to the songs and harmonies.
