

## **New Putting Green at Bromley Park Care Home**

**Our residents at Bromley Park Care Home have been getting active recently with our brand new putting green!**

One of our residents used to be the captain of her ladies golfing team and the passion and accuracy was still there - she got more holes in one than staff did!

It was great to see our residents getting active and in a way that's totally new for some and brings back fond memories of days on the golf course for others.

We were also delighted to welcome Anna to our **Home**, who came in to sing for us. She has a fantastic voice and is a great entertainer for our residents. Some of our ladies and gents got up to dance with carers and one of our new residents had a wonderful slow dance with his wife who had come to visit him. A lovely time was had by all.
