

Planting pots at Bromley Park Care Home

This week our residents at Bromley Park Care Home have enjoyed some pot planting and really got stuck in!

We planted and watered **tomato, spinach, carrot, spring onion and parsley seeds**; some of our residents are keen gardeners so loved exercising their green fingers.

The weather is changing for the better so we thought there was no better time than now to get started.

We look forward to seeing the fruits of our labour – *stay tuned for the update!*
