

## **Pride month celebrations at Bromley Park Care Home**

**We celebrated Pride month at Bromley Park Care Home with a party to promote the inclusivity of our Home.**

We decorated our **Home** with **rainbow balloons and flags**, our **Chef Ellen** made a **beautiful cake** and our residents enjoyed the colourful celebrations. Our team at **Bromley Park** are proud to support inclusivity.

**Crystal from our Recreation and Well-Being Team commented** "When our residents asked me about what the celebration was about I said that we were celebrating everyone today, regardless of where they are from or what they believe. The rainbow colours is a representation of all human beings."

**The day was important to Home Manager Khadija too;** "It is important to myself and the team to promote inclusivity at Bromley Park. Celebrating Pride is a wonderful way to engage with residents about their relationships and what these mean to them."

Chef Ellen's cake was simply stunning
