

Royal themed armchair experience at Bromley Park Care Home

On Wednesday 11 March we held an 'armchair travel sensory experience' with a group of our residents from Bromley Park Care Home.

Our residents 'visited' the **Queen's Palace** together, from the comfort of their chairs, as they watched a documentary about it on television.

Afterwards, they enjoyed some **delicious tea and cakes**, while having a lovely chat and giggle, and colouring in the flag of the UK.

It was a fantastic activity which went down a treat with our ladies and gents, who really enjoyed the theme.
