

Spring arrives early at Bromley Park Care Home

This wonderful warm spell has really brought a Spring buzz to Bromley Park Care Home.

The blue skies and sunshine have encouraged some of our gents outside to start digging and tidying our raised beds. A great way to get some fresh air, have some gentle exercise and give a boost to our garden – all in one go!

It's so fantastic to see blossoms in the trees and some gorgeous bright daffodils in our garden.

Well done to our staff and residents for their efforts outside. Long may this 'early Spring' continue!
